SIZE CHARTS

How to measure:

- **Girth: Girth is the most important measurement when determining size for dresses and leotards.** Place measuring tape at the top of the shoulder, where straps sit. Bring tape under the crotch and back up to meet at the shoulder.
- **Chest:** Measure around the fullest part of the chest with arms relaxed.
- **Waist:** Measure around where the waist naturally indents. Keep a finger between the tape and belly.
- **Hips:** Measure around the fullest part of the hips and buttocks, standing with heels together.
- **Inseam:** Measure from crotch to floor, keeping tape against the leg. Round up to nearest half-inch.
